

STAINLESS STEEL THREAD PNEUMATIC ANGLE SEAT VALVE

Technical Data

Application :

- Water distribution pipes
- Industrial cleaning machines
- Dyeing machine temperature control
- Middle and low stem equipments control
- Well water and wastewater disposal plant

Specification

Body Material	SUS 316
Seat Material	F46
Application material	F46 -30°C ~ 220°C
Ambient Temp.	-30°C ~ 80°C
Nominal Pressure	1.6 Mpa
Control Type	Single acting, air to open type
Actuator Material	Polyamide PA, stainless steel
Optional accessory	Solenoid valve, limit switch box, positioner

DN	Inch	Inner Diameter	Kv Value	Pressure	Air Supply	Cylinder Bore	Flow direction
15	1/2"	15	4.2	0-16bar	4-7bar	50	steam, gas
20	3/4"	20	8.0			50	Flow above seat
25	1"	25	19.0			63	Liquids, gas water hammer-free Flow below seat
32	1.1/4"	32	27.5			63	
40	1.1/2"	40	42.0			63	
50	2"	50	55.0		63
